Important Announcement to All Exhibitors of ENTECH POLLUTEC ASIA

We noticed that our ENTECH Exhibitors were continued being misled by Expo Guide/FairGuide.com/Construct Data Verlag for their directory services. They target and invite our exhibitors to subscribe and sign up for online listing order but does not inform the respondents explicitly that their action will bind them to a few years advertising contract and annual advertising fee.

[Click here](#) to read the full article announced by UFI that this company included in their group is debt collection agency Gravis Inkasso GmbH and Swiss debt collection agency Premiumn Recovery AG (a Construct Data subsidiary) which works in partnership with the various guides to intimidate exhibitors into paying.

To protect your interests and to avoid potential misunderstanding, we would like to alert our exhibitors that:

Whenever you receive an invitation to supply the online company with your brochures together with an authorized signature and implies that their service is free in the introductory paragraph, please read the fine print at the end of the invitation carefully before you respond or commit.

We would also like to clarify that our ENTECH is Directory and Visitor Guide are the only official publications. In addition, www.entechpollutec-asia.com is the only official websites of our ENTECH POLLUTEC ASIA Exhibition.

Should you require any advertising needs at our official publications and websites, please contact our Sales Department, ENTECH. We would be pleased to assist you in maximizing your exposure at our upcoming ENTECH.
